

My name is Emily Neel and I will be attending Virginia Tech in the fall. I plan to study Human Nutrition, Food, and Exercise Science along with Spanish.

I value being involved in my school and community through many different clubs and sports. I also enjoy staying active which has pushed me to pursue a career in physical therapy.

Throughout high school I have swam for my school's varsity swim team, travel team, and rec league team. I hope to be just as active at Virginia Tech as I was in high school!
