

2021 Clyde W. Morris Memorial Scholarship

My name is Andrew Temple. I am honored and grateful to be a recipient of the Clyde W. Morris scholarship for 2021.

I will be attending Regent University this fall and will pursue both a degree and career in Cyber Security. I have always loved computers and desire to use that passion to make a difference in the future. By serving our country in the much-needed field of Cyber Security, I can make an impact and serve our nation as well as payback the investment you have made in me. Thanks again for seeing something valuable in me. I will do my best to honor the memory of Mr. Morris and his family.
